GEAR DRYER

WHY BACKDRAFT?

- Designed specifically for firefighters.
- Dry either 2 or 4 full sets of turnout gear in just hours instead days - including coat, pants, hat, gloves and boots. Attachments available for masks and ice suits.
- High quality, aircraft grade aluminum and powder coat finish means it can handle your tough workload.
- Interlocking cam attachments and twist-lock extensions make putting your gear onto the dryer a snap. No more awkward maneuvers to get your gear in place.
- Runs on standard 110v electrical outlet. No need to outfit a new high voltage service.
- You can customize your dryer - choose your own color and put a logo on it.
- Full 2-Year "Bumper to Bumper" Warranty
- Proud to be made right here in the USA.
